# FAPI-SIG Community 43<sup>rd</sup> Meeting

# Table of Contents

Status: EdDSA support

Enlarging a scope of FAPI-SIG and renaming FAPI-SIG

Keyconf' 23

# Status: EdDSA support

# Status: EdDSA support

PRs sent:

- [keycloak] <https://github.com/keycloak/keycloak/pull/17215>
- [keycloak-ui] <https://github.com/keycloak/keycloak-ui/pull/4438>

Their review are ongoing. Hopefully, might be merged in keycloak 22.

# Enlarging a scope of FAPI-SIG and renaming FAPI-SIG

# Enlarging a scope of FAPI-SIG and renaming FAPI-SIG

Schedule (previously proposed):

- Continue proposing new scope and new name on 42<sup>nd</sup> meeting (1 Feb).
- Vote new scope and new name on 43<sup>rd</sup> meeting (1 Mar)
- Change scope and name from 44<sup>th</sup> meeting.

➡ propose postponing vote and change of scope and renaming.

[reason]

- I sent the mail to people who participated in FAPI-SIG meeting in the past for asking vote, but few people reply it.
- It might be better to explain the candidates for a new scope in detail.

# Enlarging a scope of FAPI-SIG and renaming FAPI-SIG

New scope and name candidates:

[Scope: Security]

1. Security WG : This WG supports to Keycloak  
any kind of security features in general.
2. IAM Security WG : This WG supports to Keycloak  
any kind of security features about identity and access management.
3. API Security WG : This WG supports to Keycloak  
any kind of security features about API security.
4. Secure Digital Identity WG : This WG supports to Keycloak  
any kind of security features about digital identity.

# Enlarging a scope of FAPI-SIG and renaming FAPI-SIG

New scope and name candidates:

[Scope: Specifications]

5. OIDC WG : This WG supports to Keycloak  
any kind of specification of OpenID Connect.
6. OpenID WG : This WG supports to Keycloak  
any kind of specification defined by OpenID Foundation.
7. OAuth WG : This WG supports to Keycloak  
any kind of specification defined by IETF OAuth WG.
8. Digital Identity WG : This WG supports to Keycloak  
any kind of specification about digital identity (e.g., defined by OID-F, W3C).

# Enlarging a scope of FAPI-SIG and renaming FAPI-SIG

New scope and name candidates:

[Scope: Keycloak community]

9. Keycloak Governance WG : The name more emphasis on community activity.

This WG supports to Keycloak features discussed with Keycloak dev team.

10. Keycloak Alignment WG : The name more emphasis on community activity.

This WG works as a liaison with Keycloak dev team to determine its working items.

11. Keycloak Community WG : The name more emphasis on community activity.

This WG supports to Keycloak any features proposed and approved in the WG.

12. Keycloak Authorization WG : The name more emphasis on community activity.

This WG supports to Keycloak any features about authorization.

13. Keycloak Identity WG : The name more emphasis on community activity.

This WG supports to Keycloak any features about digital identity.

# Keyconf' 23

Current candidate (proposal):

Style: In person only (no online)

Venue: Level39, 1 Canada Square, Canary Wharf, London, UK

Date: run along side a major identity event/conference in London

1 day or 2 day (PM in day 1, AM in day 2)

Registration Fee: nothing

Participants: ~50

Program: at least 12 talks (30 min x 12 = 6h, 3h in AM, 3h in PM, including coffee breaks)

Theme: use cases of Keycloak, talking about services using Keycloak, developing features of Keycloak, contribution to keycloak, proposal for features of Keycloak, etc...

If keycloak development team member can participate in the conference, it is preferable for them to several talks about keycloak (new features, roadmap, etc...)

My proposal of a talk is holding FAPI-SIG's F2F meeting.

Current candidate (proposal):

Clerical Works:

[before the conference]

Conference committee

Opening and managing a web page for advertising and registration

[In the conference]

Setting up a venue (audio visual system, etc...)

Reception desk

Master of ceremony

Items needed to be determined:

staff : who do clerical works?

budget : who pay for the cost needed to manage the conference?

Items needed to be determined:

- staff : who do clerical works?

- budget : who pay for the cost needed to manage the conference?

- expected cost:

  - labour cost for clerical works (works of committee, managing a web page, reception desk, master of ceremony)

  - usage of a venue
